

B.V.N Rama Teja

2 Exp + Masters in Oil& Gas Pipeline Eng. (2 yrs)

Email: bvnram9@gmail.com || **Mobile:** +91 7382000915

EXPERIENCE

Asset Integrity Engineering India Limited, Bangalore India

Assistant Engineer Pipelines

01/2023-Present

- Reviewing Technical Drawings P&ID, PFD, MTO, Isometrics, Inspection reports (UT, VT, LRUT), CP Reports, production databases, data storage databases (drop box, share cat) to provide pipeline engineering support, perform Integrity, Corrosion & risk assessments, support in integrity management
- Pipeline details creation & population in Database, GIS & Well Production Database application, pipeline geospatial data management, Inspection & Pipelines Software Application, MS Office Application, Business Development, Engineering Data Management, Data Base Management
- Maintenance, inspection & repair execution engineering support
- Support in Assessing failures, initiate further actions & follow up to closure
- Prepare, review integrity dashboard, LOPC data, Work Packs, Inspection Data, FLST data
- Working closely with senior engineers, consultants to manage pipeline integrity management data in the database
- Delivering assigned tasks to the required quality on time
- Proven ability in practical application of engineering standards (ASME, API) & practices for pipeline engineering
- Knowledge of Corrosion Monitoring Techniques, Coating, Cathodic Protection, Inspection, and Materials
- Supervising and training new joiner.

Rumalia Oil Field ROO British Petroleum Iraq Middle East Project (Second largest in the world)

PPS Pipeline Systems, HABAU Group-Leipzig, Germany

Technical Employee -Contract Pipelines Construction

06/2022-10/2022

- Project Documentation, Tender Documentation, Project Scheduling, Project Controlling, Project Assistance, Acquisition of construction material on the construction site, and Post calculation/Project Analysis

NET4GAS MORAVIA Pipeline Czech Republic Site -DN 1000 gas pipeline 84.6 km

HPCL Refinery Pipeline Product Dispatch Station -Visakhapatnam, India

Master's Thesis Project (Oil& Gas Refinery)-2 months

02/2018-04/2018

- Precisely analyzed products pipelines dimensions up to the tank storage and rectified the errors in the Piping and Instrumentation Diagram(P&ID) of Pipeline Product Dispatch Station
- Calculated the pressure losses acting on the pipeline due to friction and submitted the detailed analysis to the General Manager

HPCL Refinery Pipeline Product Dispatch Station -Visakhapatnam, India

Intern (Oil& Gas Refinery)-45 days

06/2017-07/2017

Analysis of pipeline Model Using PIPESIM Software

- A pipeline model in pipe-sim software was created and analyzed by calculating the pressures up to 190 km product pipeline transporting MS, HSD, SKO, LPG, ATF and recommendations to control the surge pressure acting on the product pipeline was discussed.

Coromandel International Limited

Intern (Fertilizer Plant)- Visakhapatnam, India

06/2013-07/2013

- Using given real-time data from the projects department, energy losses of the sulphuric acid plant were calculated
- Recommendations were considered for taking preventive actions against energy losses

Visakhapatnam Steel Plant-Visakhapatnam, India

Student Intern (Manufacturing plant)-1 month

12/2012-01/2013

- Using given real-time data from the energy department, energy losses of coke furnace were calculated
- Recommendations were considered for improving energy efficiency

EDUCATION

University of Petroleum and Energy Studies, Dehra Dun India (Recognized University)

Masters in Pipeline Engineering (2 years)

Coursework: Oil & Gas, LNG/CNG, Materials, Codes & Standards (ASME, ANSI, and API), Pipeline Design, Pipeline Construction & Maintenance, Process Equipment (Piping, Valves, Fittings, Pumps, etc.) Pipeline Integrity & Inspection, Petroleum Refining & Operations, Asset Integrity, External & Internal Corrosion, Onshore/Offshore, Offshore Installations, Subsea pipelines, GIS, and P&ID

Teaching Assistant:

- Lectured 18 students on the Course: Petrochemical Processes
- Prepared question papers for JNTU Semester exams
- Corrected records, papers and tests

Andhra University Engineering College, Visakhapatnam India (Recognized University)

Bachelors in Mechanical Engineering (4 years)

CERTIFICATIONS and SKILLS

- SAP Ariba Sourcing Certificate, Procurement Basics Certificate
- **Worley EPC Company Academy Certificate -Project Controls**
- **Project Management for Beginners** (Project Management Institute), Working towards CAPM
- **Microsoft Office: MS Excel, MS PowerPoint, MS Word**
- Diploma in Piping Engineering as per ASME B 31.3
- Oil & Gas-Market Research, Case Studies, and Industry Insights
- Research Project on Drag Reducing Agents for improving flow efficiency in existing pipeline facilities
- **Cognite Company** Industrial Data Science Courses **and Esri ArcGIS Company Courses**

Awards and Recognitions

- Received many awards for demonstrating excellence in sports during School, College, and University.

Team Leadership and Other Initiatives

- Student club president: organized mathematics department events for the public (AU Academic Exhibition)
- Student president: recruited fellow volunteers and participated in webcasting of 2014 elections

ACTIVITIES AND INTERESTS

Social Impact & Extra-Curricular Activities

- Working to promote education for differently -abled persons; Campaigned for water conservation and blood donation
- Avid traveler; Movie buff

DECLARATION

I hereby declare that the above information is correct to the best of my knowledge and belief.
