PROFESSIONAL EXPERIENCE

Puma Energy / Trafigura

Investment Associate, Future Energies

Geneva, Switzerland

Aug 2022 – Present

- Spearheaded efforts at Puma Energy to transition its African portfolio towards decarbonization, aiming for 30% of EBITDA sourced from renewable energy solutions by 2030, encompassing Solar, LNG, CNG, Hydrogen, and LPG. Initially reporting to the Head of Business Development and Strategy (ExCom member), now accountable to the Head of Africa (ExCom member). Directly involved in Trafigura's M&A team.
 - Formulated and advocated strategic proposals for the commercialization of clean energy and transition fuels, encompassing greenfield opportunities, M&A endeavors (successfully completing 2 buy-side deals in Africa within 8 months), partnership ventures, and supported their seamless execution following management endorsement.
 - Provided oversight to in-country future energies managers, steering their go-to-market strategies, investment memorandum and conducting frequent travel within Africa to ensure alignment and effectiveness.
 - Assumed responsibility for the performance monitoring of the future energies' portfolio, coordinating with diverse stakeholders such as finance, controlling, and HR to ensure operational coherence.
 - Offered financial modelling and strategy framework support to country general managers in Africa through frequent travel, facilitating the development and execution of their 5-year strategic plans.
 - Actively engaged with clientele in showcasing Puma Energy's Future Energies solutions during customer engagements and negotiations, contributing to enhanced market penetration.

Ernst & Young

Senior Consultant, Strategy and Transactions

Geneva, Switzerland

Oct 2018 – Jul 2022

- Two (2) years of experience within the Transaction Diligence team followed by two (2) years in the M&A Advisory team, with a primary focus on servicing private equity clients.
- Key Transactional Engagements Include:
 - Provided strategic counsel to EQT Infrastructure Fund based in Frankfurt/Munich throughout the IFCO bidding process, enterprise value (EV) of \$2.0 billion. Responsibilities encompassed drafting comprehensive financial buy-side due diligence reports, evaluating operational models, and facilitating financial expert sessions at IFCO headquarters alongside the EQT investment team.
 - Orchestrated the carve-out of a €1.0 billion revenue-generating business segment at Fresenius Kabi regional headquarters in Paris. Key contributions involved constructing consolidated financial statements for 50 operating entities across Europe, Latin America, the Middle East, and Africa, spanning a three-year historical period. Additionally, collaborated with the Regional CFO to lead carve-out sessions in coordination with management consulting advisors.
 - Served as an M&A and Investments specialist (EY Secondee) at an energy corporation from June 2019 to May 2021, spearheading the divestment process across seven countries in Africa and South America. Led the end-to-end deal execution process, encompassing Request for Proposals (RFPs), due diligence, valuation assessments, legal and transactional documentation, closure, and post-deal monitoring.

PwC Middle East

Intern, Energy, Mining, and Utilities Assurance

Dubai, UAE

Jul 2016 – Aug 2016

- Planning, execution, and completion of interim review through understanding and application of IFRS and PwC's methodology

BNP Paribas – Corporate and Investment Banking

Off-Cycle Analyst, Debt Capital Markets (DCM) EMEA

Brussels, Belgium

Oct 2015 – Mar 2016

- Built 5-year projections with credit stats and ratios such as Debt/EBITDA, and DSCR
- Wrote pitch books and credit committee memorandum
