

Félix Delphin LOCKO MAMBOU

Junior Petroleum Engineer

felix14locko@gmail.com

(+242) 06 894 67 35 / 05 618 47 63

52 Hinda street, Diata District Brazzaville, Congo

Career Objective

To obtain a position in Exploration & Production or Energy branch that will enable me to strengthen my technical and scientific knowledge, develop my competencies in several energy fields through various work experience, along with tackling various challenges linked to the development of projects and operations, as well, help the company to be more innovative across its activities.

Academic Detail

- **Master's degree in Petroleum Engineering** at Ecole Nationale Supérieure Polytechnique (ENSP) of Marien NGOUABI University - Congo, Brazzaville, 2016 to 2019

Working Experience

- **From July 2023 up to now: Intern as Study Manager Assistant within Engineering & Commissioning Department (Engineering Works Project & Subsea Division) at TotalEnergies E&P Congo (Pointe-Noire/Congo).** Missions:
 - Ensure engineering methods (studies on all TEPC sites)
 - Implement activity reporting/management tools, in conjunction with the Senior Study Manager

- Carry out occasional missions to service providers and on site to check on progress of studies

- **January 2021 to March 2023: Business advisor** to companies benefiting from **Projet d'Appui au Développement des Entreprises et la Compétitivité (PADEC)**, which is **The Business Development and Competitiveness Support Project**, a project financed by the World Bank - **Brazzaville, Congo.** Missions:

- Diagnose the company's various functions and define the real needs, while proposing solutions to remedy the various discrepancies identified in the diagnosis

- Identify the needs of companies in terms of equipment to be acquired and work to be carried out

- Helping companies to prepare the technical documents needed to bid for contracts

- Mapping companies supplying goods and works

- Assist beneficiary companies in analyzing suppliers' technical and commercial offers

- Write up the various reports on site visits, equipment acquisition, progress and completion of works

- **February 2020 to June 2022: Secondary School Mathematics Teacher** at **Groupe Scolaire Privé Les Amis d'Ange et Bénie 1 – Brazzaville, Congo**

- **July 2019 to January 2020: Intern as Cost Estimating Engineer Assistant within Control Project Department (Engineering Works Project & Subsea Division) at TotalEnergies E&P Congo (Pointe – Noire/Congo).** Missions:

- Cost Estimation of Request For Modification

- Updating of the REX database on project costs, Publication of KPI's

- Carrying out on-site survey

- **May 2018 – July 2019: Building Electrician Assistant in Informal Sector – Brazzaville, Congo.** Missions: Installation and troubleshooting of electrical circuits in domestic houses

Certificates
