PROFILE

I am a Professional with a background in Economics, History and Finance. I have also worked in sales for firms within the Financial Services, Catering and Digital Advertising industries. Furthermore, I have been a Security Officer for a Security Services firm. It is my belief that possessing a wide array of knowledge and experiences from different disciplines will help me to add value to your organization as an asset.

WORK EXPERIENCE

Founder and Researcher

Lut Capital

June 2023- Present

- Lut Capital is my online research page where I post economics and finance related content on LinkedIn, Instagram and twitter. Here are links to my pages: [LinkedIn](#), [Instagram](#), [twitter](#)

Tally Clerk

Blue Cat Port Services

May 2023- Present

- This role entails receiving goods at the Port of Mombasa when the ship docks and making sure that quantity, quality and composition are as per clients specifications.

Security Officer

Bob Morgan Security

December 2022- May 2023

- Patrolled the assigned areas to scan for anomalies and ensure safety of people, property and reported back to respective management about any damaged property (Highway Carriers-Changamwe).
- Recorded normal as well as extraordinary incidents in the occurrence book (All deployed assignments).
- Conducted search on people and vehicles entering assigned areas of duty as well as recorded their details in visitors' book and vehicles' book (Chai Trading Limited-Mengo Annex).
- Conducted static monitoring and surveillance during gate operations to look out for any potential threats within the environment that could have adversely affected the security of the assigned area by scanning people's activities, nearby buildings and vehicles parked in the vicinity (All deployed assignments).
- Booked lorries entering into the premise of duty that either brought or were picking up tea leaves using local booking register and upcountry booking register (Chai Trading Limited-Mengo Annex and Farmer's Annex).
- Handled the offloading and loading of tea leaves onto lorries and trailers that were going to be locally transferred between warehouses or headed for shipment abroad in a bid to confirm the were of the right quantities, garden type and grade. In the process, I used documents such as shipping instructions, stuffing list and delivery note together with local loading book, upcountry book and shipment book (Chai Trading Limited-Mengo Annex).
- Physically confirmed the quantity and description of incoming office items at the gate using the relevant official list provided by the company driver on duty and recorded all the items in the Incoming Items Book (Chai Trading Limited-Mengo Annex).
- Opened gates and doors of Godowns in the morning at the beginning of operations as well as closed them in the evening in the presence of the warehouse officer and recorded the times of opening and closure in the Occurrence Book (Chai Trading Limited-Mengo Annex).
- Gave situation reports to control room via extension telephone on the safety of the premise at designated times (0000 HRS, 0300 HRS and 0500 HRS) and names of security officers deployed at different watch stations at the beginning of the shift (Chai Trading Limited- Mengo Annex, Farmer's Annex and Farmer's Complex).

WORK EXPERIENCE

Financial Analyst Trainee

Alx Africa

May 2022- August 2022

- I got accepted to a 4 month Virtual Financial Analysis program via Mastercard to study for the Financial Modeling and Valuation Analyst program offered by Canada's Corporate Finance Institute (CFI).

Sales Insourcing Representative

Yusudi Sales Academy

March 2022-May 2022

- Carried out a sales insourcing project for Video Force Kenya whereby I did prospect researching and prospect contacting 184 corporate clients across the insurance, manufacturing, financial and security sectors through cold calls, cold emails and warm calls and uploaded the prospects on HubSpot CRM.
- Carried out market research whereby I contacted 34 companies through cold calls. The market research was aimed at understanding the value of market research to companies.
- Led the YSA 5 cohort which had 20 students as a class representative where I acted as a liaison officer communicating and passing on concerns between the class members and the trainers.
- Created a YSA 5 cohort WhatsApp group where I posted links to training sessions and made reminders about assignments and other instructions from trainers.
- Led a team of 6 in tackling a 'work ethic' assignment and prepared a presentation using canva that we presented in a training session.
- Led part of the cohort (team of 10 members) that handled Video Force Kenya, sales sourcing project whereby I compiled the group's sales report and prepared a presentation on canva which we presented in the final session of the training.
- Organized Morning Check-in meetings and Evening Check-out meetings on Zoom and Google Meet to follow up on the team's progress, facilitate exchange of ideas and motivation between team members.
- Led a team of 9 in writing a report and preparing a canva presentation for the group's sales insourcing project.

Sales Associate

Platinum Credit Limited

September 2021-January 2022

- Marketed and collected over 60 prospects' contacts that I uploaded on Marketforce for record purposes and further follow-ups through warm calls.
- Processed Logbook loans for three clients with a combined value of Kshs 870,000 via the Mambu Enterprise Resource Planning System.
- Stored sensitive customer documents such as Vehicle Logbooks, Engine change and Tape lift documents both in physical form and soft copy forms until the end of the loan application process.
- Prepared customer files for shipment to headquarters office for record keeping.

Part-time Operations Assistant

Lukundo African Ventures

February 2016- August 2022

(Part-time role that I held in a small catering business owned by a relative, when I was off campus during holidays)

- Delivered and sold meals to staff of corporate clients, handle after sales services and prepare daily, weekly and monthly sales reports.
- Designed the business logo using canva.
- Created a LinkedIn page for the business.
- Designed business cards using canva.
