**To whom it may concern**

Object: Professional files

Attachment: CV, References, Diplomas/Certificates, UN performance review.

Dear Harry,

With reference to your offer, kindly receive my updated professional files for your review and appreciation. I am 30 years of operational corporate management (15 years specifically strategy and risk management) seniority including **risk management** (corporate and security), **strategy** (corporate and security), **compliance** (corporate and security), **corporate security** and **AVSEC (ICAO certified)** covering the management of various business activities concerns in various unstructured countries even conflict affected areas (including on behalf of UN-WFP: Index 8855804).

**1) As a Risk Management and Compliance, non-exhaustive processes implemented:**

- Risk management: risk review, threat register establishment, risk assessment delivery, risk matrix establishment (corporate and security) and workable, appropriate mitigation measures establishment proposal;
- On ground security operations and security compliance monitoring to generate its continuous improvement (internal and vendors);
- Site audit, inspection, survey, test, exercise, compliance gap analysis and remediation measures establishment;
- Security training drafting and delivery.
- Documentation (corporate security and AVSEC) authoring including operation programme, training programme, compliance and its monitoring programme, SeMS, ERP and BCP's, SOP's. Maintaining and disseminating a relevant and adapted security culture throughout all company stakeholders (internal and external) to this regards (training drafting and delivering);
- AVSEC (Aviation Security) ICAO PMC Certified and Auditor, I carried out a lot of missions worldwide to this regard from on ground management to ACAA's mentoring.

**2) As an experienced manager and project manager:**

- Path opener as well as in capacity to monitor, support and remediate, transition/crisis phases as well;
- Addressing challenging objectives with respect to a relevant and "SMART" objectives/planning;
- Effective/efficient monitoring of resources: men, budgets, repositories, legal;
- An actual strategic, holistic and sound vision of on ground security and corporate activity realities, measure/monitor performance, propose and monitor short/medium-term effective correction plan to remediate gaps and trigger an actual collaborative continuous improvement of performance;
- Ability to embed both corporate business objectives and security challenges.

**3) As a recognised enthusiastic and results oriented executive, my attitudes are:**

- Dedication, loyalty, effective hard worker;
- Team spirit: natural team builder/leader and mate in multi-cultural environments;
- Proactive proposal force and an actual problem solver, a natural "think out of the box" set of mind (think global, act local);
- Collaborative capacity to establish and implement innovative workable solutions with an actual systemic view and strategic vision to cope with corporate objectives from the security and business perspective.

All these various skills, competencies and attitudes enable me to engage challenging realities in a collaborative manner as to create/maintain productive and sustainable relationships with both internal/external stakeholders at any level. Trust these various experiences will generate relevant inputs to a prospective security position requirements and effective/efficient outputs to your client's operations.

Whishing your interest in these files, I remain at your disposal if any additional information should be required.

Respectfully yours.

Jean-Claude Rivoalan

### Professional background

#### **ISOECO Madagascar, Consultancy firm (Antananarivo-Madagascar),**

*From December 2022 up to now*

##### **General Manager**

- **PRAETORIAN TRAJAN (Security Provider): Senior Advisor to the Board of Directors** (since March 2023), I am preparing this global French Security Group be granted ISO-18788/ANSI-ASIS-PSC1/ICoCA additionally to two ESG (UNGC and EcoVadis) official certifications, as well as delivering different risk assessments and security documentation for its major global clients.
- **PYXIS CONTROLS UAE (AVSEC): Airport lead Auditor** (February 2024, global security equipment supplier), as the lead auditor, the team audited the three major airports in Nigeria (LOS, ABV and PHC), next planned missions: Uganda, Rwanda, Namibia and Botswana.
- **PLANIFOLIA LTD** (May 2024), **Aviation Logistics, Corporate Compliance and AVSEC**, I am preparing this major Mauritian global vanilla producer/exporter regarding different certifications: UNGC/EcoVadis/Fairtrade (ESG), HACCP/FSSC 22000 (food security and traceability) in Madagascar.
- **ISOECO Madagascar, General manager** (since December 2022),
  - a) Development of a vocational training centre in Madagascar and Eastern Africa, it is dedicated to business executives concerning (not limited to): strategy, risk-management (corporate and security), compliance (corporate and security);
  - b) Development of 2 ERP's software dedicated to the AVSEC and Corporate security compliance against applicable repositories;
  - c) Development of a software dedicated to Global Companies to monitor the security of their corporate travellers.

#### **HAP Services, security services provider (Antananarivo-Madagascar),**

*July 2022 to November 2022*

##### **Deputy General Manager, consultancy position (covering all Madagascar deployments)**

1000 agents deployed (Ambatovy, CEMENTIS, AKSA, STAR...). Prepare the transition of all internal process (strategy, sales, management, organisation charts, repositories, training and onsite operations managing SOP's) aiming compliance and 3 ISO certification (9001, 45001, 31001 and 18788) and the official national validation (METFP) of the internal training centre to deliver official diplomas. Monitoring clients requirements and complains, draft an innovative document to answer tenders. All recommended implementations are currently postponed.

#### **Planifolia LTD, Major Vanilla Operator (production/export), (Port-Louis-Ile Maurice),**

*May 2022 to June 2022*

##### **Optimization of AVSEC and export Air Cargo Logistics, consultancy position, (Madagascar-Sambava/Antalaha)**

Report delivery for the reordering of air cargo export logistics as a means to optimize revenues and client's services and allow deliveries in "real-time" Switch from aircraft renting solution to medium/large capacity aircraft chartering on an MGH basis (Minimum Guaranteed Hours). Definition of a more convenient alternate storage hub precisely located in between Madagascar and Clients. Delivery of KC3 ready-to-implement report of the production site ("Known Consignor": specific EU legal validation and export status regarding air cargo operations).

#### **Westminster PLC, International and global AVSEC services provider, (London-UK),**

*September 2021 to April 2022*

##### **AVSEC Project Manager (covering all Democratic Republic of Congo, base Kinshasa)**

In charge of 5 international AVSEC experts: support and monitor numerous audits and recommendations reports to update the 5 main international airports (Kinshasa-N'Djili, Goma, Lubumbashi, Kisangani et M'buji-Mayi) to the benefit of the National Authority and Airport Managing Authority and deploy global ICAO SARP's compliant layouts (men, equipment and compliance monitoring system). For political reasons, the project is currently postponed.

#### **UNHAS, United Nations Humanitarian Air Service, (Rome-Italy),**

*February 2021 to September 2021*

##### **Roaming AVSEC Officer (Burkina Faso, Mali, Tigray/Ethiopia, Cabo Delgado/Mozambique)**

UNHAS is the air service provider for UN Agencies and NGOs coping with emergencies in unstructured environments and conflict zones in the most isolated and restrictive destinations (where no one flies!) in need of support for vital matters. Risk assessments continuously updated, emergency plans, investigation, and multifaceted implementation for flight security. Development, readjustment and implementation of effective AVSEC systems adapted to continuously evolving contexts, training authoring/delivery and monitoring of implementations.

**CoVID 19 Containment: stuck in Madagascar (January 2020 – January 2021)**

#### **Constellis Group, Global security and AVSEC services provider, (Kabul-Afghanistan)**

*May 2019 to December 2019*

##### **AVSEC Mentor to the Afghan AVSEC Directorate/Aviation Authority (all Afghanistan main airports)**

Dedicated to ACAA Security Directorate aiming compliance to ICAO SARP's, establishment of a two-year roadmap, draft all national AVSEC manuals. Skills/competencies development of the inspector team and aviation managers: through a global and collaborative implementation with all aviation stakeholders. This strategy shortly meet expected AVSEC compliance in terms of effectiveness and oversight.

## **SAMADA S.A. AViation SECurity services provider, (Antananarivo-Madagascar)**
