Projects

Attendance System

I developed this project for the Somali embassy in Ethiopia due of their need to manage or control their staff.

Food Delivery System

This project is very useful for any company which would like to geolocated their customer who wish ordering

food without calling them.

Webmapping Project

This system will make the job of police traffic when it concern an accident because the police will get a notification about the incident by maps

Speed Connection Tool

Qr Code & Barcode System

Calendar Project

Quiz Project

Weather Tool Project
