JOB APPLIED FOR

Field Service Engineer E&I Specialist

Professional experience

Supervision of the construction and Pre-commissioning, commissioning, start up and maintenance of the installations (oil and gas, Power plants) .The construction of substation (Switchboards, Transformers, emergency Generators, UPS, and Motors. Loop check from field devices to the final element, functional test, cause & effects, DCS (ABB,Foxborro), ESD(Triconex) and Fire and gas(TMR), , ECS (Electrical Control System) startup , ICSS (Integrated Control and Safety System) , FCS (Field Control System), BMS(Burner Management System), Turbine control , overhaul and maintenance of turbine GE /5002C-D /6002 /PGT25/LM2500 (MarkV,MarkVIIIE, Bentley Nevada 3500 GE Fanuc) , Siemens Step 7 300/400 . Coaching of employees in theory and practice for the Development of the company.

16/09/2022– Present

E&I ,Control specialist

Sinergia /Larsen & Toubro

As an **E&I , Control** specialist for pre-comm , comm , start up of **04** Air Moto-compressor , screw compressor **Sinergia** type CD42D1 driven by Elec motor **WEG** W50 400J/H 440kW 4-.Air dryer package , Nitrogene package , applying Siemens Step 7 400 control form the 4 LCP .
CPF gas facilities, HBH, SWGFD project , Tindouf Algeria .

16/05/2022– 15/09/2022

E&I Specialist

Csi srl / ENERECO

As an **E&I commissioning engineer** for a re-bundling of **02** Turbo-compressor – Turbine **LM2500/PGT25, COMPRESSOR type BCL 802** on the **MOC1875**.
CPF gas facilities, Krechba , Insalah gas field **REG** unit Algeria .

01/07/2021– 15/05/2022

E&I Specialist Offshore

XPLOIL Nigeria ; Offshore

As an E&I specialist for an over hall of **03** moto-compressor **A RIEL COMPRESSOR** type **JGK 4 stages / WAUKESHA 7044** Engine , on the **MOPU** platform ; **EBOCK** block ; Port Harcourt , Nigeria offshore .

20/10/2019 – 25/06/2021

Field Service Engineer (E&I)

Backer Hughes / BASIS PLANT SERVICE

As part of a pre-commissioning , commissioning and start-up contract for **18 Turbo-compressor Heavy duty MS5002 D/ Compressor BCL807** of the **PHASE III Boosting Hassi R'el Project**,, Algeria.

01/10/2017 – 09/10/2019

Field Service Engineer (E&I)

CSI'srl /BONATTI

As part of a pre-commissioning , commissioning and start-up contract for **04** Turbocompresseor **aeroderivative turbine LM2500** of the **GR4/ 48"** Hassi R'el Project,, Algeria

01/10/2016 – 01/10/2017

Commissioning Engineer

CSI'srl /BONATTI

As part of a pre-commissioning ; commissioning and startup contract for Turbocharger **MS5002 C /Compressor BCL 703** of the Compression Project at the Organization **OURHOUD** in Hassi Messaoud, Algeria

19/02/2014 – 01/10/2016

Instrument supervisor (Miantenance)

UTBS (crude processing unit south)

Under maintenance contract for the Treatment Unit Gross South ; Hassi Messaoud

-Preventive ; curative maintenance .

18/12/2013 –17/02/2014

Engineer Turbine Operator

Turbomach (Caterpillard Company) / Cegelec

As part of a pre-commissioning ; commissioning and startup contract for **03** Solar Titans Gas ; gasoil turbo generator 3 MW Turbine for the Project of power plant in the province of Elgolea Ghardaya (Algeria)

15/05/ 2013 – 10/12/2013

Instrument supervisor

Spie Oil & Gas service / Griffiths Energy, Moundou (Tchad)

-As a lead of E/I team on a modular treatment process for crude oil on tow fields Badila and Moundou

02/11/ 2012 – 15/05/2013

Field Electrical & Instrumentation Engineer (construction)

Cegelec / Turbomach,

As part of a pre-commissioning ; commissioning and startup contract for a power plant project in Illizi, Algeria ; Solar turbine **03 titans 3MW /03 Taurus 5MW.**

09 /06 /2012 – 02 /11/ 2012

Instrument Supervisor Offshore

Dietsmann / Total E&P, Pointe Noire (Republic of the Congo)

Electrical & Instrumentation supervisor for offshore (YANGA Sendji, Likalala, Libondo, KOMBI fields).

- Manage all operations preventive, curative and troubleshooting.
- Manage the intervention groups for different operations.
- Prepare weekly activity reports and daily reports-Manage the planning of the project in accordance with the contractual commitments-Perform the supervision and monitoring of project-Ensure that HSE rules and sanitation are met check progress.-Participate in the development if necessary phases of pre / commissioning, commissioning, startup.-Coordinate teams and provide technical mastery instrumentation (installation diagrams, wiring diagrams, etc..)-Establish and ensure compliance of equipment and facilities - Ensure quality control of achievements

09 /06/ 2010 – 08 /06/ 2012

Instrument Supervisor

Sonatrach / UTBS,

As a part of the E/I maintenance team in UTBS Hassi Messaoud
Manage the intervention group.

08 /06/ 2009 – 05 /08/ 2010

Commissioning Supervisor Instrumentation

Sonatrach / Saipem,

- As a part of the commissioning team of the UTBS Hassi Messaoud
- check the material received s and ensure that it is adequate.
 - loop check and Commissioning of the whole (all instruments valves, compressors, motors ...)
 - update documentation (PID, PFD, electrical diagram equipment, data sheet) .

02 /02/ 2008 – 07 /06/ 2009

Instrument Technician

Sonatrach / Comp 2, Hassi Messaoud (Algeria)

- Supervise the maintenance work performed at the decompression station.
- The maintenance of turbines(Nuevo pignon , GE) , compressors, the Preventive and curative maintenance
- Overhauled units, audits of all instrument.
- Intervene in case of troubleshooting to prevent the shutdown of the unit.
- Calibration of all kinds of intelligent transmitters with HART(ro , calibration valves.

EDUCATION AND TRAINING

05 /09/ 1994 – 07/06/1997

Bachelor of State Natural Science and Life

Azza Abdel Kader High School, Sidi Bel Abbes (Algeria)

Bachelor of State Natural Science and Life

08 /09/1997 – 22 /06/2000

Applied University Diploma Research Instrumentation oil and gas

Algerian Petroleum Institute

Applied Diploma of University instrumentation

industrial maintenance option: oil and gas instrumentation:

sensors, transmitters, controllers, valves, interrupters racing, signal processing, analog and digital, PID and PFD diagrams, control system of the turbine SPEEDTRONIC, MARCK2,5,6 setting corrective and excessive work Preventive maintenance, and all kinds of deregulation loops: , split-range

02 /02/ 2008 – 04 /09/2008

Special degree for Instrumentation and control

the center of development and application of oil and gas technology Naftogaz, Hassi Messaoud (Algeria)

sensors, transmitters, controllers, valves, limit switches, signal processing, analog and digital, PID and PFD diagram, control system of the turbine SPEEDTRONIC, MARCK5, the implementation of corrective actions and Preventive maintenance, and all kinds of loops: remote, split-range

- Automation: all programmable logic controllers , Siemens, Schneider , Allen Bradley.
- the processing of crude oil, natural gas compression
- DCS, ESD and Fand G:. Calibration of all instruments (smarth transmitters , positionners....)

03 /12/ 2009 – 25/12/ 2009

Certificate of Internship: DCS-ESD Training

Training center , Hassi Messaoud (Algeria)

Distributed control system DCS (FOXBORO IA series) presented by Invensys Process System (IPS).

23 /06/ 2009 – 18/08/ 2009

Certificate Specific Training on Instrumentation

Training center , Hassi Messaoud (Algeria))

Special training for Instrumentation: sensors, transmitters, controllers, valves, limit switches , signal processing, analog and digital PID and PFD diagram, control system of the turbine SPEEDTRONIC, MARCK5; setting and implementing corrective excessive

Preventive maintenance, and all kinds of control loops: cascade , split-range

14 /04/ 2010 – 01/05/2010

Training Maintenance Système Triconex

Invensys Process System, Cergy (France)

Maintenance of Triconex System (ESD system for safety)

PERSONAL SKILLS

mother tongue

Arabic

Other (s) language (s)

	UNDERSTANDING		speak		WRITE
	Listen	Read	Take part in a conversation	Spoken continuous	
English	B1	C1	C1	C1	C2
French	C2	C2	C2	C2	C2

Level A1/A2: Basic user - B1/B2: independent user - C1/C2 :Experienced user

[Common European Framework of Reference for Languages](http://www.europa.europa.eu/education/languages/framework/index_en.htm)

Communication skills

good ability to project management

-adapt to different cultures.

-Ability to perform tasks in an high pressure environment

-Strong communication skills and information;

- Strong searching failures.;

- Team spirit and ability to work with and through others -;

- Persuasive, encouraging and motivating;

-Fluency in French and English.

Organizational / managerial skills

-Leadership (I'm currently at the head of 5 workers).

- Good ability to project management

-Adapt to different cultures.

Skills related to employment

Turbines, monitoring systems of rotation and vibrations equipment (vibration sensor and displacement sensor BENTLY NEVADA 3500 monitors , Speedtronic mark2, 5 and 6.

• Supervision, Coordination of work, commissioning, trial Improvement

• Monitoring sync loop start assist

• Measurement, modification, fail detection, adjustment, calibration, troubleshooting

- Metrology, Revamping, New Works, Study and Reading Schema(PID, PFD, Electrical drawing)
- Security testing, testing and commissioning of equipment (PLC, DCS, electrical, pneumatic protection systems, load management system (TEHERMODYN).
- DCS (Yokogawa centium VP , Foxborro I/A series) , ESD , F&G , ICSS.
- Control instruments (Analogic, electrical , digital)
- Sensors and measurement of non-electrical (switches , valves, positionners , pneumatic equipement)
- Good monitoring of all types of regulation loops (cascade, split range)for all parameters (flow, pressure, temperature, level; rotation speed for all rotate machine)
- Maintenance of all the kind of PLC's Triconex (TMR) , SIEMENS(Step7) , Allen Bradley(RS logics).
- the processing of crude oil, natural gas compression, power plants .

computer skills

A good command of computers, systems:, MS-WINDOWS 3.x/9x/NT/2000/XP, Vista, Windows 7,10 , Outlook , Microsoft Office, OWA, SAP, AutoCAD, Internet
